For the basis of this bid the contractor will develop their cost based on twenty-five (25) four (4) inch or less snow falls events and fifteen (15) greater than four (4) inch snowfalls event for each facility group.

Specifications for Snow and Ice Removal Services for the Milwaukee Water Works

Detailed Description of Work to Be Performed

Snow and Ice Removal:

The CONTRACTOR shall completely remove all snow and ice from sidewalks adjoining MWW-owned properties, including cross walks (handicap access ramps) on corner lots, bus stops within 24 hours after each period of snow or ice accumulation 4 inches or less and within 48 hours for accumulation greater than 4 inches. Salt shall be applied to all sidewalk surfaces immediately after snow and ice removal. The work shall be continuous to assure that all sidewalks are completely clean of all snow and ice within the specified period. Ice shall be removed by the use of sodium chloride (rock salt) or calcium chloride in sufficient quantities and frequency to ensure that sidewalks are clear of ice at all temperatures. Sidewalks shall be cleared of snow and ice to bare pavement over the full width of the sidewalk. Carriage walks (walks perpendicular to street and extending to a house, building or structure are NOT included in the scope of work).

Snow and Ice Maintenance:

Between periods of snowfall or ice accumulation, the CONTRACTOR shall continuously monitor and completely remove any snow or ice that may be deposited or otherwise form on the sidewalk due to wind-blown snow, melting and freezing, etc. as necessary to continuously maintain a bare pavement standard across the entire width and length of the sidewalk.

Equipment Requirements:

CONTRACTOR shall provide the City with a telephone number that shall be staffed during MWW business hours - 6:00am to 5:00pm. In addition, CONTRACTOR MUST maintain a working **Facsimile machine**. All telephones are to be staffed by CONTRACTOR'S employees. CONTRACTOR shall respond to all contacts by MWW Personnel within twenty four (24) hours after contact to CONTRACTOR. Difficulty contacting the CONTRACTOR may result in termination of the contract.

Snow and Ice Removal Equipment On Hand:

Equipment on hand, or to be purchased/leased upon award of contract, and committed for use in this contract must be declared by the CONTRACTOR on Equipment information form "F" for Group 1 and "G" for Group 2. False or misleading information regarding equipment availability or intent shall result in bid withdrawal and permanent disqualification from future bid solicitations. Proof of declared equipment committed for each bid area must be provided to the City before Notice to Proceed is granted. All declared equipment is subject to verification at any time during the contract period. All Personnel to be directly involved with this contract must have a valid Wisconsin Driver's license of the type needed to perform the contract work.

Snow Removal Equipment Availability:

CONTRACTOR is required to have the designated minimum pieces of equipment ready and available for use October 1st – April 30th of each year. All snow plowing and salt spreading shall be accomplished by mechanical means, such as 4-wheel drive vehicles narrow enough to plow 6 foot public sidewalks, commercial tractors (i.e. bombardiers), etc.

Specifications for Snow and Ice Removal Services for the Milwaukee Water Works

A minimum of two (2) continuously operable and available commercial snow removal tractors are required for each area. Commercial snow blowers may be utilized to supplement (not in lieu of) minimum equipment requirements. **CONTRACTOR must consistently demonstrate to the satisfaction of the DEPARTMENT that he/she has sufficient equipment and personnel available to complete the required work within the specified time frame after snow or ice accumulation has ceased.**

Snow and Ice Removal Equipment Operators:

All CONTRACTOR employees or personnel working under the direction of the CONTRACTOR in the execution of this contract must be fully clothed and wear all safety apparel or equipment as required by federal, state and local laws and regulations. All CONTRACTOR employees or personnel working under the direction of the CONTRACTOR in the execution of this contract must have a valid Wisconsin driver's license.

Performance & Inspections:

Notification of Competition:

The CONTRACTOR shall provide the DEPARTMENT within seven (7) calendar days after completion of a removal of snow/ice accumulation, documentation that services were completed as required by the Contract and Specifications; such documentation will contain the date the services were completed in the respective contract area.

Performance Inspection:

All work shall be subject to inspection, examination, or test by the MWW at any and all times during or after the performance of said service and at any and all places where such service is or has been performed. The DEPARTMENT shall have the right to reject defective or otherwise unsatisfactory service and require its correction. Rejected services shall be corrected in a timely manner and to the satisfaction of and without charge to the MWW. **Notice of unsatisfactory work shall be provided in writing.**

Notification of Work Location:

Each weekday morning prior to 8:30 a.m., the CONTRACTOR shall call, email or send a fax to the assigned Inspector indicating the location and work being performed that day. There shall be no weekend inspections under any circumstances. All calls for inspection made after 12:00 p.m. (noon) on a Friday, or on a Saturday, Sunday or Holiday, shall be deemed to have been made on the next weekday morning on which an inspector is actually available, and the CONTRACTOR shall bear all risks relating to the passage of time between CONTRACTOR'S alleged completion of work and/or its request for inspection and the next weekday on which an inspector is actually available. The status of the work as of the next available inspection day shall govern whether the work is deemed completed or deficient;

When an area is completed, the CONTRACTOR shall contact the assigned Inspector for an inspection of the area. The Inspector shall advise the CONTRACTOR of any discrepancies. The CONTRACTOR shall take whatever action necessary to correct the discrepancies within **two working days** and contact the Inspector for a second inspection.

Specifications for Snow and Ice Removal Services for the Milwaukee Water Works

Where the CONTRACTOR has failed to complete certain portions of a cycle of work, and has been given notice to correct the discrepancy and has failed to complete the work (either because the allotted contract time for correction has passed or a second inspection reveals that the work remains incomplete), the Contract **Notice of unsatisfactory work shall be provided in writing.**

Administrator or his designee, at his/her **sole discretion**, may take the following action:

Have city crews complete the work and bill the contractor at time and materials.

V. **Mandatory Pre-Bid Meeting & Site Inspection**

All interested parties must attend a **mandatory meeting** to be held on Thursday, July 25, 2013, at 9:00 A.M. in the Conference Room at Water Meter Shop-Cameron Yard 2919 W. Cameron Ave, Milwaukee, Wisconsin to discuss the scope of work in more detail and to tour the list of facility locations listed in the bid documents.

If your company would be interested in providing quotes to perform this work your attendance at this meeting is required. Please provide names and contact information for all attendees at least 24 hours before the meeting date to the Water Security Manager at 414-286-3465.

All attendees will need to have a picture ID with them to be allowed on the grounds. Please note that taking photographs of MWW properties is not allowed per MWW Security Policy.

7. Material Safety data Sheets for all Chemicals to be used/stored on-site;

Note: It is the responsibility of the Prime Contractor to facilitate gathering and submittal of the “Contractor Employee Registration Form” for all sub-contractors working on the project. A sub-contractor is defined as an individual or firm hired by the primary contractor to perform a specific task as part of the overall project. This would not include an organization making deliveries of supplies or equipment to the job site; procedures for these firms are covered under Part 8, "DELIVERIES".

Specifications for Snow and Ice Removal Services for the Milwaukee Water Works

In the event it is necessary for the Prime Contractor to add additional employees to the list of approved personnel, a minimum of 72 hours, or 3 business days, must be allowed for processing of the request. Site access will be denied to the additional personnel until processing is complete.

Additionally, Contract Firms are obligated to notify MWW in a timely manner of any site-authorized staff that leaves the employ of the Contractor.

At no time should anyone but the Prime Contractor be contacting Milwaukee Water Works employees with issues or access requests. If a request for site access does not come from the Prime Contractor, the request will not be processed.

During the time period that the Contractor is on-site, they must agree to:

1. Notify the Plant Manager immediately of any significant chemical spills or leaks
2. Maintain Normal Non-Toxic Breathable Air Quality, through Adequate Ventilation, at their work site
3. Perform no equipment isolations or tie-ins without the signed approval of Site Management.
4. Restrict movement to the specific work areas within the Site to perform Contractors Scope of Work.

E. CONTRACTOR SPECIAL WORK PERMITS

Contractors must notify Engineering / Site Management Staff of any welding, torching, or potentially hazardous or operational impact request, prior to commencing such operations. Special Permits shall be issued to the contractor, and these must also be displayed at the work site.

Failure to comply with the terms of the Special Work Permits, or provisions that provide for MWW Employee Safety shall be cause for revocation of such Permits, and the contractor may be forced to discontinue activities at the Site.

F. CONTRACTOR IDENTIFICATION AND DAILY REGISTRATION

Every day, all contractors shall be required to show a valid picture ID card, to sign-in at the start of work, and sign out at the end of work. A MWW employee or designated security representative shall be on site to ensure compliance.

Specifications for Snow and Ice Removal Services for the Milwaukee Water Works

Any identification tags or lanyards issued by MWW are to be worn while on site and returned to site management upon completion of contracted work.

G. CONTRACTOR GATE ACCESS & PARKING

Contractors must comply with the terms of entry for the site and park only in the areas designated for parking by the MWW site representative. **NOTE:** Parking privileges may be rescinded at any time as Site Operational Requirements dictate.

PART 3 - CITY OF MILWAUKEE PERMITS

The Contractor shall obtain the necessary permits for this Project.

PART 4 - OCCUPANCY DURING CONSTRUCTION

The Water Works facility shall be in continuous operation during this contract. Contractor and Sub-Contractors are to take any and all necessary precautions to insure there is no interference with daily operations or security. MWW personnel shall be continuously occupying the facility. All hours of contractor's operations shall be coordinated with the MWW site or engineering representative.

PART 5 - ELECTRICAL POWER AND TELEPHONE SERVICE

On-site electrical service is available for Contractor use during project duration. Contractor shall provide and maintain all necessary power cords, electrical lighting, heat, ventilation, and telephone service and shall make all necessary connections in accordance with OSHA regulations. Contractor shall provide and pay for his own wireless telephone service.

PART 6 - WATER

Water is available for the Contractor at the site and may be obtained from the fixture(s) so designated by MWW staff or Engineering Representative. Contractor and Sub-Contractors must provide their own hoses, back flow preventer, and any other connection appurtenances required for the contract.

PART 7 - TOILET FACILITIES

On-site toilet facilities are available for Contractor use during project duration. The specific location of these facilities will be transmitted to the Contractor at the pre-construction meeting. However, if project requirements render the use of on-site facilities impractical, then Contractor shall furnish portable facilities. If portable facilities are required, Contractor shall maintain these toilet facilities in a sanitary condition throughout the duration of the project and shall remove them from site at the end of the project. The placement and location of the temporary portable toilets shall be coordinated with the Plant Manager and Engineering Representative.

PART 8 - DELIVERIES

Contractor shall coordinate the delivery of all equipment, material, Dumpsters, portable toilets (and their maintenance) and other required items required for the contract work with the MWW staff. A minimum of 24 hours prior notice in advance of the desired

Specifications for Snow and Ice Removal Services for the Milwaukee Water Works

delivery date shall be transmitted to the designated Water Engineering Representative. Contractor shall provide the following information in the notification:

- A. Trucking/Delivery Company
- B. Driver Name
- C. Truck License Plate Number

The driver of the delivery vehicle is required to display picture identification as a pre-requisite for entry to the MWW facility for the delivery. Failure to comply with the above will result in denial of project site access, requiring the contractor to re-schedule delivery.

VII. Performance/payment Bond

Performance Bond

The successful bidder will be responsible for providing the MWW with a performance bond in the full amount of the contract price. See instructions to bidders for amount.

Under no circumstances will work commence under this contract until such proper certificate/evidence of bonding is submitted to the **Department of Public Works, 841 North Broadway, Room 506, Milwaukee, Wisconsin, 53202** and approved by the City Attorney.

Payment Bond

The successful bidder will be responsible for providing the MWW with a payment bond in the full amount of the contract price. See instructions to bidders for amount

Under no circumstances will work commence under this contract until such proper certificate/evidence of bonding is submitted to the **Department of Public Works, 841 North Broadway, Room 506, Milwaukee, Wisconsin, 53202** and approved by the City Attorney.

VIII. Liability and Insurance Requirements

CONTRACTOR covenants and agrees that CONTRACTOR shall save and indemnify and keep harmless the City against all liability, judgments, costs, and expenses, which may in any way come against the City in consequence of the granting of the contract, or which in anyway results from the carelessness or neglect of the CONTRACTOR or the agents, employees, or workers of the CONTRACTOR or SUBCONTRACTORS in any respect whatever, and in every such case where judgment is recovered against the City by reason of the carelessness or negligence of the CONTRACTOR or the CONTRACTOR's agents, employees or workers, or SUBCONTRACTORS, such judgments shall be conclusive against the CONTRACTOR, not only as to the amount of damages, but as to CONTRACTOR's liability to the City.

The CONTRACTOR shall be responsible for and shall save the City harmless from, and defend the City against all liability for damages occasioned by mowing and snow and ice removal operations, or which may result therefrom or which may result in any way

Specifications for Snow and Ice Removal Services for the Milwaukee Water Works

from the negligence or carelessness of the CONTRACTOR, the CONTRACTOR's agents, employees, workers, by reason of the elements, unforeseen or unusual difficulties, obstructions, or obstacles encountered in the prosecution of the work, and they shall indemnify the City for and save it harmless from all claims and liabilities, actions, causes of action, and liens for materials furnished or labor performed in the construction or execution of the work and from all costs, charges, and expenses incurred in defending such suits or actions and from and against all claims and liabilities for injury or damage to persons or property emanating from defective or careless work methods, or from and against all claims or liabilities for royalties, license fees, actions, suits, charges, and expenses or damage from infringement for reason of the use of any invention or improvement in tools, equipment or plant or any process, device or combination of devices used in the execution of the work.

Each Prime CONTRACTOR must furnish to the City of Milwaukee, prior to the start of work, certificates of insurance which confirm that the Prime CONTRACTOR has the types and amounts of insurance referenced in Sections (a) through (d). The Prime CONTRACTOR shall require all of its SUBCONTRACTORS to carry the same types and amounts of coverage as required of the Prime or may instead provide the coverage for any or all SUBCONTRACTORS. The Prime CONTRACTOR is fully responsible for assuring SUBCONTRACTOR compliance with all the insurance requirements specified herein.

A. The successful bidder and all possible subcontractors shall provide the MWW with evidence of insurance coverage as follows:

1. <u>Workers Compensation and Employers Liability</u>		
		<u>Statutory</u>

- B. The MWW shall be named as an additional insured with respect to liability coverage and will be given thirty (30) days notice in advance of cancellation, non-renewal, or material change in any coverage.
- C. The successful bidder's Certificate of Insurance shall be approved by the City Attorney and placed on file with the Department of Public Works/MWW prior to the commencement of any work under this contract.
- D. Bidders must be able to provide insurance coverage as stated above in order for this bid to be considered.
- E. The successful bidder shall also provide an "Affidavit of No Interest", which provides that no official or employee of the City, MWW by inclusion has, or will, receive anything of value in connection with the issuance of the contract.
- F. Under no circumstances will work commence under this contract until such proper certificate/evidence of insurance is submitted to the Department of Public Works, 841 North Broadway, Room 506, Milwaukee, Wisconsin, 53202, and approved by the City Attorney.

IX. Damages

Replacement of Damaged Property:

The CONTRACTOR shall be held liable for any and all property damage and/or injury or harm to persons resulting from work that is performed under this contract.

Replacement of Damaged Plantings and Other Property:

The CONTRACTOR shall be responsible for the replacement of any plantings or other property, whether privately or publicly owned, that may be damaged due to improper or careless performance of designated maintenance activities. In such case, the Contract Administrator shall specify when replacement is to be made. Any costs for testing of plants damaged or suspected of being damaged by chemical applications made by the CONTRACTOR shall be paid by CONTRACTOR

X. Inspections

All work shall be subject to inspection, examination, or test by the CITY, and/or the DEPARTMENT at any and all times during or after the performance of said service and at any and all places where such service is or has been performed.

Specifications for Snow and Ice Removal Services for the Milwaukee Water Works

The DEPARTMENT shall have the right to reject defective or otherwise unsatisfactory service and require its correction. Rejected services shall be corrected in a timely manner and to the satisfaction of and without charge to the DEPARTMENT or CITY. Notice of unsatisfactory work shall be provided in writing.

When an area is completed, the CONTRACTOR shall contact the assigned Manager or their designee for an inspection of the area. The Manager or their designee shall advise the CONTRACTOR of any discrepancies. The CONTRACTOR shall take whatever action necessary to correct the discrepancies within **one working day** and contact the Manager or their designee for a second inspection. Where the CONTRACTOR has failed to complete certain portions of a cycle of work, and has been given notice to correct the discrepancy and has failed to complete the work (either because the allotted contract time for correction has passed or a second inspection reveals that the work remains incomplete), the Contract Administrator or his designee, at his/her **sole discretion**, may take the following action:

- 1) Delay commencement of the next mowing cycle pending completion of the incomplete work
- 2) Deduct the line item value of the work not completed from the payment for the current cycle and allow the CONTRACTOR to commence the next mowing cycle notwithstanding its failure to complete all portions of the current cycle,
- 3) Assign any Work Not Completed in accordance with these specifications to a Secondary CONTRACTOR in which case the Prime CONTRACTOR would be financially responsible for any additional costs incurred by the City.

XI. Liquidated Damages

Work Not Performed

In the event the CONTRACTOR fails to execute the work with such diligence as to insure its completion in accordance with the Work Requirements, the DEPARTMENT may procure the services of another CONTRACTOR (SECONDARY) to complete the work. The CONTRACTOR and his/her sureties shall be financially liable for Work Not Performed, including the difference between the CONTRACTOR'S bid price and the SECONDARY CONTRACTOR'S bid price, plus a \$250.00 administrative fee for each occurrence. Differential costs paid to the SECONDARY CONTRACTOR for Work Not Performed, plus administrative fees, shall be deducted from the CONTRACTOR'S outstanding invoices or otherwise invoiced. If after reassignment of work the CONTRACTOR continues to demonstrate his inability to perform the work in accordance with the Work Requirements, the CONTRACTOR will be considered in DEFAULT in accordance with 2.4.18 DPW General Specifications and the contract will be terminated.

Specifications for Snow and Ice Removal Services for the Milwaukee Water Works

Non-Timely Performance:

Any work not completed in a fourteen (14) day period after Notice to Proceed without an approved time extension for inclement weather or City observed holidays shall be subject to reassignment to a SECONDARY CONTRACTOR. The CONTRACTOR and his/her sureties shall be financially liable to pay any difference between CONTRACTOR's bid price and the reassigned CONTRACTOR's bid price.

XII. Itemized Invoice

Once a month the Contractor shall provide the City with an itemized invoice for services rendered under the terms of this specification based on the unit prices quoted in their bid. Invoice document will reflect the bid document in terms of terminology. No Changes will be accepted unless mutually agreed upon by the Vendor and the MWW. The invoice is to be addressed and sent to:

Milwaukee Water Works
841 North Broadway - Room 409
Milwaukee, Wisconsin 53202
Attn: Water Plants Manager

XIII. Project Liaison

Prior to bid award, all questions on this bid specification can be directed in writing to Earl Smith, Water Business Manager c/o Milwaukee Water Works at (414) 286-5177; fax number (414) 286-2672. Questions can be emailed to earl.smith@milwaukee.gov. **The deadline for questions is Wednesday, July 31, 2012.**

The successful bidder shall provide the MWW Contract Administrator with the names and telephone numbers of the Contractor's project liaison.

XIV. Contract Required

The successful bidder selected shall be required to execute a contract with the City using Department of Public Works standard contract.

XV. CANCELLATION

If after an award is made and Notice to Proceed issued, the CONTRACTOR refuses to do the work or fails to fully initiate the work according to the specifications, the contract will be subject to cancellation. Upon such cancellation, the CONTRACTOR and CONTRACTOR'S sureties shall be liable for all Liquidated Damages and shall pay to the CITY a sum amounting to the administrative cost of procuring another CONTRACTOR and any and all such costs above and beyond those specified in the contract.

XVI. Mandatory Pre-Bid Conference

A **mandatory pre-bid conference** is scheduled on **Thursday, July 25, 2013 at 9:00 A.M., to be held in Conference Room at Water Meter Shop-Cameron Yard, 2919 West Cameron Ave, Milwaukee, Wisconsin,** to provide prospective bidders with the opportunity to pose questions regarding this specification.

Specifications for Snow and Ice Removal Services for the Milwaukee Water Works

If your company would be interested in providing a bid to perform this work your attendance at this meeting is required. Please provide names and contact information for all attendees at least 24 hours before the meeting date to the Water Security Manager at 414-286-3465. All attendees will need to have a picture ID with them to be allowed on the grounds.

Please note that taking photographs of MWW properties is not allowed per MWW

XVI. Bidder Information

Each bidder must complete and return Schedule "A" with their bid to insure clear lines of communication are established.

XVI. Transferability

In the event MWW transfers the contract, Contractor will be responsible for providing said services for the duration of the contract period under the direction of the transferee.

XIX. Cooperation with Other Agencies

In the performance of the services set out herein, Contractor shall cooperate fully with the City, by and through its Commissioner or his designee; and cooperate fully with any and all Governmental and Private Customers doing business with the City, by and through its Commissioner or his designee.
