8.1.0 All work shall be subject to inspection, examination, or test by the CITY, and/or the DEPARTMENT at any and all times during or after the performance of said service and at any and all places where such service is or has been performed. The DEPARTMENT shall have the right to reject defective or otherwise unsatisfactory service and require its correction. Rejected services shall be corrected in a timely manner and to the satisfaction of and without charge to the DEPARTMENT or CITY.

8.2.0 Notice of unsatisfactory work shall be provided in writing.

8.2.1 The CITY will provide a maximum of two (2) punch lists identifying incomplete or missed properties requiring attention for each storm response or mowing cycle. After which, any incomplete work will be assigned to a SECONDARY CONTRACTOR without notice and invoices will be adjusted accordingly to deduct payment for properties and differential costs paid.

8.3.0 Each weekday morning prior to 8:30 a.m., the CONTRACTOR shall call, email or send a fax to the assigned Inspector indicating the location and work being performed that day. All calls for inspection made after 12:00 p.m. (noon) on a Friday, or on a Saturday, Sunday or Holiday, shall be deemed to have been made on the next weekday morning on which an inspector is actually available, and the

CONTRACTOR shall bear all risks relating to the passage of time between CONTRACTOR'S alleged completion of work and/or its request for inspection and the next weekday on which an inspector is actually available. The status of the work as of the next available inspection day shall govern whether the work is deemed completed or deficient.

8.4.0 When an area is completed, the CONTRACTOR shall contact the assigned Inspector for an inspection of the area. The Inspector shall advise the CONTRACTOR of any discrepancies. The CONTRACTOR shall take whatever action necessary to correct the discrepancies within **one working day** and contact the Inspector for a second inspection. Where the CONTRACTOR has failed to complete certain portions of a cycle of work, and has been given notice to correct the discrepancy and has failed to complete the work (either because the allotted contract time for correction has passed or a second inspection reveals that the work remains incomplete), the Contract Administrator or his designee, at his/her **sole discretion**, may take the following action:

8.4.1 Mowing:

8.4.1.1 Delay commencement of the next mowing cycle pending completion of the incomplete work

8.4.1.2 Deduct the line item value of the work not completed from the payment for the current cycle and allow the CONTRACTOR to commence the next mowing cycle notwithstanding its failure to complete all portions of the current cycle,

8.4.1.3 Assign any Work Not Completed in accordance with these specifications to a Secondary CONTRACTOR in which case the Prime CONTRACTOR would be financially responsible for any additional costs incurred by the City.

8.4.2.0 Snow and Ice Removal/Snow and Ice Maintenance:

8.4.2.1 Assign any Work Not Completed in accordance with these specifications to a Secondary CONTRACTOR in which case the Prime CONTRACTOR would be financially responsible for any additional costs incurred by the City.

9.0.0 **LIQUIDATED DAMAGES:**

9.1.0 Work Not Performed:

- 9.1.1 If greater than ten percent (10%) of lots are found to be missed or incompletely mowed/shoveled at the time of inspection, the CONTRACTOR will be charged \$1000 for inspection services.
- 9.1.2 In the event the CONTRACTOR fails to execute the work with such diligence as to insure its completion in accordance with the Work Requirements, the DEPARTMENT may procure the services of another CONTRACTOR (SECONDARY) to complete the work. The CONTRACTOR and his/her sureties shall be financially liable for Work Not Performed, including the difference between the CONTRACTOR'S bid price and the SECONDARY CONTRACTOR'S bid price, plus a \$250.00 administrative fee for each occurrence. Differential costs paid to the SECONDARY CONTRACTOR for Work Not Performed, plus administrative fees, shall be deducted from the CONTRACTOR'S outstanding invoices or otherwise invoiced. If after reassignment of work the CONTRACTOR continues to demonstrate his inability to perform the work in accordance with the Work Requirements, the CONTRACTOR will be considered in DEFAULT in accordance with 2.4.18 DPW General Specifications and the contract will be terminated.

9.2.0 Non-Timely Performance:

9.2.1 Mowing:

Any work not completed in a seven (7) day period after Notice to Proceed without an approved time extension for inclement weather or City observed holidays shall be subject to reassignment to a SECONDARY CONTRACTOR. The CONTRACTOR and his/her sureties shall be financially liable to pay any difference between CONTRACTOR's bid price and the reassigned CONTRACTOR's bid price.

9.2.2 Snow and Ice Removal/Snow and Ice Maintenance:

In the event the CONTRACTOR fails to execute work with such diligence as to insure its completion in accordance with the Work Requirements, the DEPARTMENT may procure the services of another CONTRACTOR (SECONDARY) to complete the work. The CONTRACTOR and his/her sureties shall be financially liable to pay any difference between CONTRACTOR'S bid price and the SECONDARY CONTRACTOR'S bid price.

10.0.0 **TERM OF CONTRACT:**

10.1.0 The term of this contract shall be from June 1, 2015 to March 31, 2016 with three (3) one (1) year extensions (April 1 to March 31) permitted by mutual agreement between the City of Milwaukee and the CONTRACTOR. The contract shall be subject to termination for any violations of the contract specifications.

11.0.0 **CANCELLATION:**

11.1.0 If after an award is made and Notice to Proceed issued, the CONTRACTOR refuses to do the work or fails to fully initiate the work according to the specifications, the contract will be subject to cancellation. Such additions or deletions in the square feet and/or linear feet shall not invalidate the contract nor shall such change relieve the CONTRACTOR from any of the CONTRACTOR'S obligations under the contract or any guarantee given by the CONTRACTOR and CONTRACTOR shall not alter the unit bid price as a result of this change. Any additions above 10% or deletions below 10% in the total square feet or linear feet specified in the contract shall be compensated or reduced based on Contract Unit Prices calculated from Bid Form Attachment "A".

12.1.1 A Unit Price of cost to mow one thousand (1,000) square feet of grass will be calculated by dividing the bid total area cost for one mowing cycle by the bid total area square footage. This Unit Price for mowing 1,000 square feet of grass will be used to calculate any additional or reduction in payment for changes in service volume outside the terms of 12.1.0.

12.1.2 A Unit Price of cost to remove one inch of snow/ice accumulation per linear foot of sidewalk will be calculated by dividing the bid total area one inch snow/ice accumulation cost by the bid total area linear footage. 12.2.0 The CONTRACTOR shall anticipate approximately 150 additional properties added to the contract through the end of the calendar year. The DEPARTMENT will contact the CONTRACTOR with the specific date lots are added to the contract.

Properties removed for this purpose will result in an adjustment to the base inventory and will not be subject to compensation.
- 12.5.0 The base contract area will be amended annually at the time of renewal to reflect changes in property inventory. Any change in service volume will be compensated at the awarded unit price rate independent of the 10% in-season service change clause (12.1.0).
- 12.6.0 The CITY reserves the authority to redefine service area boundaries if the service volume increases beyond the CONTRACTORs capacity in the sole opinion of the CITY. The CONTRACTOR is not liable for any difference in price established by a new contractor outside of the newly defined service area. The overall square footage/linear footage of service will not be reduced below the original contract amount as a result of redefined service area boundaries.

13.0.0 **SUBCONTRACTING:**

- 13.1.0 If the PRIME CONTRACTOR is not a Certified Small Business Enterprise (SBE) CONTRACTOR, the PRIME CONTRACTOR must use SubCONTRACTORs that are certified SBE's. All CONTRACTOR employees and SUBCONTRACTORS shall be fully and modestly clothed, and shall refrain from the use of any excessively loud or vulgar/offensive language during the execution of this CONTRACT. The CITY retains the right to require the CONTRACTOR to halt all work activities until such conditions are resolved. City Of Milwaukee

Department Of Public Works

Small Business Enterprise (SBE) Provisions

I. General

- A. In accordance with Chapter 370 of the Milwaukee Code of Ordinances, Small Business Enterprise (SBE) participation is required in all contracting activities of the Department of Public Works. The ordinance requires that certified SBEs be utilized for 25% of the total dollars annually expended through prime contracts or subcontracts for Construction and the purchase of Goods and Services. For the purchase of Professional Services the requirement is 18%. To that end, the Commissioner of Public Works, as a contracting officer for the City, requires all bidders to utilize SBEs as subcontractors and material suppliers on all contracts. For this contract, bidders are required to achieve the minimum percent of SBE participation listed in the Acknowledgements page/section and/or the Official Notice document.
- B. The prime contractor shall prepare and submit accurate and timely SBE utilization forms and reports to the Department of Public Works. The reports shall include, but not be limited to, Compliance Plan (Form A), monthly utilization (Form D), and SBE subcontractor payment certification (Form E) forms as directed. Failure to submit the required forms and reports to the Department of Public Works may result in disqualification of future bids, delay of payments, or other appropriate sanctions. Final contract payments will not be made until final SBE utilization reports and SBE subcontractor payment certification forms are on file with the Department of Public Works.
- C. During the performance of this contract, the Department of Public Works reserves the right to conduct compliance reviews. If the contractor is not in compliance with the specifications, the Commissioner of Public Works will notify the contractor in writing of the corrective action that will bring the contractor into compliance. If the contractor fails or refuses to take corrective action as directed, the Department of Public Works may take one or more of the actions listed below:
1. Terminate or cancel the contract, in whole or in part.
 2. Consider possible debarment of the prime contractor from bidding.
 3. Withhold payments on the contract.
 4. Any other remedy available to the City at law or in equity.

II. Definitions

- A. "SMALL BUSINESS ENTERPRISE" (SBE) means a small business concern that is 51% owned, operated and controlled by one or more individuals who are a minority, woman and/or a small business owner (who is at an "economic disadvantage"). The individuals must have day-to-day operational and managerial control and interest in capital, financial risks and earnings commensurate with the percentage of their ownership.
- B. "OWNED, OPERATED AND CONTROLLED" means a business which is one of the following:
1. A sole proprietorship legitimately owned and operated and controlled by a minority, women or an individual at a disadvantage as defined in Chapter 370.
 2. A partnership or joint venture legitimately owned, operated and controlled by individuals who are minorities, women or individuals who are at a disadvantage and who own at least 51% of the beneficial ownership interests in the enterprise and who hold at least 51% of the voting interests of the enterprise eligible as defined in Chapter 370.

3. A corporation legitimately owned, operated and controlled by one or more individuals who are a minority, woman or individual at a disadvantage and who own at least 51% of the outstanding shares and who hold at least 51% of the voting interests of the corporation eligible as defined in Chapter 370.

III. SBE Utilization Requirements

- A. Each prime contractor shall utilize SBE to the minimum percent listed in the Acknowledgements section/page and or Official Notice Document for this contract. Note that the prime contractors shall be required to attain SBE participation on their base bid excluding specified allowances, alternatives, and change orders. SBE commitments relative to contract award shall be based upon the approved SBE Compliance Plan (Form A).
- B. The determination of SBE utilization shall be based on the following criteria:
 1. The firms identified as SBE by the prime contractor on the SBE Compliance Plan (Form A) must be certified by the Office of Small Business Development prior to bid opening.
 2. The prime contractor shall be credited for the entire expenditure to SBE firms only if all of the identified scope of work is performed directly by the certified SBE firm.
 3. The prime contractor shall be credited for the entire expenditure to SBE manufacturer only if the manufacturer produces goods from raw materials or substantially alters them for resale. Only 20% of the SBE goals may be expended for SBE suppliers that do not manufacture products they supply.
 4. The prime contractor shall count toward the SBE requirement only those payments to SBEs who perform a commercially-useful function in the actual performance of the contract. While that generally means an SBE should be engaged in direct contract work, a "commercially-useful function" may also include management of a third tier subcontractor. For example, while an SBE trucking subcontractor is always expected to perform some direct work on the project, in some cases it may become necessary to subcontract work out to one or more third tier subcontractors. If a third tier subcontractor is also an SBE, the full amount of the work performed by that third tier SBE can be counted toward SBE participation. However, if the third party subcontractor is not an SBE, the prime contractor may only count 20% of the amount being subcontracted to the third tier non-SBE subcontractor. SBEs are required to notify the Department of Public Works if they subcontract out work so that the Department can determine how much, if any, of the subcontracted work can be counted toward the SBE requirement. The Commissioner of Public Works will make the final determination and evaluation of whether the SBE is performing a commercially-useful function.
- C. The contractor, by signing and submitting a bid, certifies that the contractor understands the provisions of Chapter 370 and knows of and intends to comply with them. The completed SBE Compliance Plan (Form A) must be submitted by the apparent low bid contractor within three (3) working days after the identification of the "low bidder."
 1. Information on Form A shall include, but not be limited to:
 - a. The names, addresses, telephone numbers, SBE Certification designation and contact person names for the certified SBE contractors that will participate on the project as subcontractors or suppliers;
 - b. A description of the scope of work to be performed by the SBE on this project; and
 - c. The SBE contractor dollar value(s) and corresponding percentages that the dollar values represent of the total contract amount.

2. Listing an SBE on the Compliance Plan (Form A) shall constitute a representation that the contractor has communicated directly with the SBEs listed. If awarded the contract, the bidder will enter into a subcontract with the firm for the portion of the work listed.
3. SBE participation is an element of bid responsiveness. Failure to meet the specified SBE requirements will render the bid unresponsive. The contract may then be awarded to the next apparent low bidder. Under certain circumstances, failure to meet specified SBE requirements after submission of an apparent low bid may result in surrender of the bidder's bid bond.
4. Only SBEs that have been certified by the Office of Small Business Development may be listed on the SBE Compliance Plan (Form A) and counted towards the percentage requirements on this project. A listing of the currently City certified SBE firms is maintained at:

Office of Small Business Development
200 East Wells Street
City Hall, Room 606
Milwaukee, Wisconsin 53202
Phone: (414) 286-5553
FAX: (414) 286-8752
www.milwaukee.gov/osbd

- D. After execution of the contract, if for any reason an SBE cannot perform, the prime contractor shall contact the Commissioner of Public Works for approval to substitute another certified SBE firm. The prime contractor must submit a written request for substitution which specifies the reasons for the request. Approval must be obtained prior to making substitutions. Any difference in the cost occasioned by such substitution shall be borne by the prime contractor. If the prime contractor cannot find another certified firm to do the work at a comparable price, a non-SBE firm may be substituted with the approval of the Commissioner of Public Works.
- E. If the prime contractor has a problem in meeting the SBE requirements or if any other problems relative to SBE(s) arise during the completion of this project, the prime contractor shall immediately contact the Commissioner of Public Works.
- F. Certification from programs other than the Office of Small Business Development is neither accepted by the City of Milwaukee nor do they have any bearing whatsoever on the eligibility criteria established by the City of Milwaukee.
- G. Right to Appeal.

All contracts awarded under ss.7-14-2 and 7-22 of the City Charter shall be awarded by the Commissioner of Public Works to the lowest responsible bidder determined in accordance with applicable City ordinances for participation of the Office of Small Business Development. Following the opening of any bid involving a determination under applicable City ordinances for participation of SBE, the Commissioner of Public Works shall make a written recommendation as to the lowest responsible bidder and notify all bidders by publication in an official City newspaper as to the content of the written recommendation. Any bidder who objects to the recommendation on grounds of determinations made under applicable City ordinances for participation of SBE may appeal the recommendation on such grounds by filing a written appeal with the Commissioner of Public Works within five (5) working days of the date of publication. The appeal shall state the specific objection to the recommendation, include supporting documentation and specify an alternative recommendation. The Commissioner of Public Works shall schedule a hearing before an appeals committee consisting of the Chair of the Economic Development Committee or the Chair's designee, a member of the Economic Development Committee selected by the Chair and the Director of the Office of Small Business Development to be held within five (5) days of receipt of the appeal. The Committee shall have authority by majority vote to affirm or set aside the recommendation of the Commissioner of Public Works and its decision in this regard shall be final. In the event a timely appeal, meeting the requirements above is not filed, or the Committee affirms

the Commissioner's recommendation following a timely appeal, meeting the requirements above, the Commissioner shall make an award in accordance with the recommendation.

Department of Public Works**

Residents Preference Program Provisions

I. General

- A. In accordance with Chapter 309 of the Milwaukee Code of Ordinances, residents preference hiring is required for all construction contracting activities of the Department of Public Works. The ordinance requires that 40% of WORKER HOURS worked on a DPW contract be performed by UNEMPLOYED or UNDEREMPLOYED RESIDENTS of the City, except in special cases where the Commissioner of Public Works determines there is sufficient reason to impose lesser levels of participation. Further, the Commissioner of Public Works may increase the percentage of RESIDENT worker participation to more than 40% on specific contracts. For this contract, bidders are required to show that the minimum percent of WORKER HOURS, as listed in the acknowledgements section/page and/or the Official Notice document will be performed by UNEMPLOYED or UNDEREMPLOYED RESIDENTS of the City. Up to one-third of required worker hours may be achieved by documenting the use of UNEMPLOYED or UNDEREMPLOYED RESIDENTS on projects undertaken by the contractor where such compliance is not required, or by hiring UNEMPLOYED or UNDEREMPLOYED RESIDENTS on a full-time permanent basis for non-construction job categories connected to the project. Such adjustments must be proposed in an affidavit on a form provided by the department setting forth the facts upon which the request for adjustment is based.
- B. The contractor, prior to commencing work, shall submit an affidavit (Form I) for proof of residency for all employees utilized by the contractor and subcontractors to meet the Residents Preference Program requirements, stating that each employee is either UNEMPLOYED or UNDEREMPLOYED and is a RESIDENT of the City. The contractor shall prepare and submit accurate and timely resident utilization forms and reports to the Department of Public Works. Time Reports shall be submitted within ten (10) days following completion of work, or every three months, whichever comes first. The reports shall identify the name, address, race, gender, work classification, wage rates and hours worked of all employees utilized on the contract by the contractor and all subcontractors. Failure to submit the required forms and reports to the Department of Public Works may result in disqualification of future bids, delay of payments, or other appropriate sanctions. Final contract payments will not be made until the summary of hours worked on the back of the Prime Contractor's Affidavit of Compliance is completed and on file with the Department of Public Works. Forms shall be submitted to DPW, Room 506, Municipal Building, 841 North Broadway, Milwaukee, WI 53202.
- C. During the performance of this contract the Department of Public Works reserves the right to conduct compliance reviews. If the contractor is not in compliance with the specifications, the Commissioner of Public Works will notify the contractor in writing of the corrective action that will bring the contractor into compliance. If the contractor fails or refuses to take corrective action as directed, or if the contractor, prime or sub, submits any documents which contain any false, misleading, or fraudulent information, or if the contractor or subcontractor fail to comply with this ordinance, the Department of Public Works may take one or more of the actions listed below.
1. Withhold payments on the contract.
 2. Terminate or cancel the contract, in whole or in part.
 3. Consider possible debarment of the contractor from bidding for a period of up to two years.
 4. Any other remedy available to the City at law or in equity.
- D. The penalty for any person, firm, or corporation knowingly engaging in fraud, misrepresentation, or in any attempt directly or indirectly, to evade the provisions of this ordinance by providing false, misleading, or fraudulent information shall, upon conviction, forfeit not less than \$1,000 or more than \$5,000 together with the costs of prosecution and, upon default of payment, shall be imprisoned in the county jail or house of correction not to exceed 90 days, or until the forfeiture costs are paid.

II. Definitions

- A. RESIDENT – A person who maintains his or her place of permanent abode in the City of Milwaukee. Domiciliary intent is required to establish that a person is maintaining his or her place of permanent

abode in the City. Mere ownership of real property is not sufficient to establish domiciliary intent. Evidence of domiciliary intent includes, without limitations, the location where a person votes, pays personal income taxes, or obtains a driver's license.

- B. UNEMPLOYED or UNDEREMPLOYED – a RESIDENT that has worked less than 1,200 hours in the preceding 12 months or has not worked in the preceding 30 days or, regardless of employment status, has household income at or below the federal poverty guidelines as adjusted by the Wisconsin Department of Public Instruction to define eligibility for reduced lunch in public schools. A RESIDENT will continue to qualify as unemployed or underemployed for five (5) years from the date he or she first participates in a contract under Chapter 309. If a RESIDENT becomes an apprentice for a contractor or becomes a participant in an on-the-job training program as determined by the City immediately after or in the course of performing on a particular construction contract, he or she shall continue to qualify as unemployed or underemployed for a period not exceeding 5 years from the date the person became an apprentice or participant in such on-the-job training program.
- C. WORKER HOURS – means the total hours worked on a construction contract by skilled and unskilled construction trade workers, whether those workers are employed by the contractor or any subcontractor. In determining the total worker hours to be furnished at a construction site, the number of hours devoted to all tasks customarily performed on a construction site shall be included, whether or not such tasks are performed on the construction site. “Worker hours” includes work performed by persons filling apprenticeships and participating in on-the-job training programs and excludes the number of hours of work performed by all non-Wisconsin residents.

III. Residency Utilization Requirements

- A. The contractor shall utilize UNEMPLOYED or UNDEREMPLOYED RESIDENTS of the City in a minimum amount equal to the percentage of the WORKER HOURS as stated in paragraph IA above.
- B. The contractor, by signing and submitting a bid, certifies that it understands the provisions of Chapter 309 and knows of and intends to comply with them, and shall ensure that all subcontractors are also informed.
- C. The contractor shall maintain, and shall ensure that all subcontractors maintain, personnel records listing the name, address, race and gender of all employees utilized for this contract and any records demonstrating that the employees utilized by the contractor in meeting the residency requirements are actual residents of the City. These records shall be maintained for seven (7) years after the contractor has received final payment under the contract and shall be made available to the Commissioner of Public Works upon reasonable notice.
- D. Compliance with these residency requirements is an element of bid responsiveness. Failure to meet the specified residency requirements will render the bid unresponsive, and the Commissioner of Public Works may then recommend the award to the next apparent low bidder.
- E. The City recognizes the following organization which can be contacted for access to trained or qualified workers from the City. Other organizations or sources of qualified RESIDENTS can be used at the bidder's discretion.

Big Step, located at 3841 West Wisconsin Avenue, Milwaukee, WI 53208. Telephone 414-342-9787, fax number 414-342-3546.
- F. If the prime contractor has problems in meeting the residency requirements or if any other problems relative to residency participation arise during the completion of this project, the prime contractor shall immediately contact the Commissioner of Public Works.
- G. Right to Appeal – All contracts awarded under ss. 7-14-2 and 7-22 of the City Charter shall be awarded by the Commissioner of Public Works to the lowest responsible bidder determined in accordance with any applicable City ordinances relating to the participation of Small Business Enterprise Programs or requiring participation of City RESIDENTS. Following the opening of any bid where the Commissioner has considered compliance with such City ordinances, the Commissioner shall publish in an official City newspaper his or her determination as to the lowest responsible bidder. Any bidder who objects to the determination based on the consideration of such City Ordinances, may appeal the recommendation by filing a written appeal with the Commissioner within five (5) working days of the date of publication. The appeal shall state the specific objection to the determination, including supporting documentation, and specify an alternative determination. Any appeals that do not conform to this section shall not be

considered. The Commissioner shall schedule a hearing before the Public Works Contract Appeals Committee which shall be comprised of the chair of the Economic Development Committee or his or her designee and a member of the Economic Development Committee selected by the chair and the Director of Administration or his or her designee to be held within five days of receipt of the appeal. The Public Works Contract Appeals Committee shall have the authority by majority vote to affirm or set aside the determination of the Commissioner and their decision in this regard shall be final. In the event that a timely appeal meeting the requirements of this paragraph is not filed, or the Committee affirms the Commissioner's determination following a timely appeal, the Commissioner shall make an award in accordance with his or her determination.

**Department of Public Works
City of Milwaukee
Service Contract Wage Requirement Provisions**

I. General

- A. In accordance with Chapter 310-13 of the Milwaukee Code of Ordinances, adherence to a minimum wage requirement is mandatory for all Department of Public Works' Service Contracts. The ordinance requires that all workers, permanent or temporary, employed in any work performed as part of a service contract, as defined in II B herein, awarded after December 31, 1995, shall receive and be paid a sum of not less than \$6.05 per hour. Currently, Section 310-13 requires that **on March 1, 2016 and each March 1 thereafter, the minimum hourly wage shall be adjusted** to the amount required to produce, for 2080 hours worked, an annual income equal to the average of the U.S. Department of Health and Human Services most recent guidelines for a family of three and a family of four; however, the Contractor shall be required to comply with any amendments to Section 310-13, including those pertaining to the amount of the wage, or the timing of any adjustments to the wage. **No contractor may use the minimum wage requirement of this subsection to reduce the wage paid to any person employed by the contractor as of December 31, 1995.**
- B. The Contractor agrees to prepare and submit whichever is requested, be it either or both of the following documents: A sworn report (DPW-6) every 3 months or an affidavit (Form J) within 10 days following the Contractor's completion of the contract/or yearly for any contract extension. Contractor will procure and submit like documentation from every subcontractor employed by the contractor to the Department of Public works regarding every person employed on or under this contract or subcontract. Said documentation shall certify that each and every employee has been paid in full the amount of not less than **\$10.69** per hour and that there has not been, nor is to be, any rebate or refund of any part of said wages by the employee to the employer.
- C. During the performance of this contract, the Department of Public Works reserves the right to conduct compliance reviews. If the Contractor is not in compliance with the specifications, the Commissioner of Public Works will notify the Contractor in writing of the corrective action that will bring the contractor into compliance. If the contractor fails or refuses to take corrective action as directed or if the contractor, prime or sub, submits any documents which contain any fake, misleading or fraudulent information or if the contractor or subcontractor fails to comply with this ordinance, the Department of Public Works may take one or more of the actions listed below:
1. Withhold payments on the contract.
 2. Terminate, suspend, or cancel the contract in whole or in part.

3. After due process, consider debarment of the contractor from bidding for a one-year period after the first violation and for a three-year period after the second.
4. Any other remedy available to the City at law or in equity.

II. Definitions

- A. Professional Service Contract – any contract in which the majority of workers engaged in the performance of the contract perform work which:
 1. Is predominantly intellectual and varied in nature, as opposed to work which involves routine mental, manual, mechanical or physical labor.
 2. Requires advanced knowledge in a field of science or learning customarily acquired by a prolonged course of specialized intellectual instruction and study in an institution of higher education or a hospital.
- B. Service Contract – any contract with the City for the provision of service to any City department or agency with a budget under the control of the Common Council which has a value exceeding \$5,000.00. Each bid specification or request for proposal (RFP) will be reviewed and a determination made as to whether the proposed contract constitutes a service contract. A service contract does not include any contract which involves the purchase of goods, a professional service contract, a Department of Public Works' contract regulated under S 309-25, a contract administered by the Office of Community Block Grant Administration (CDBG), or a contract with the Milwaukee Public Schools.

III Service Contract Utilization Requirements

- A. For every service contract as defined in II B above, the minimum hourly wage specified in I B above shall be kept posted by the contractor at the site of the work in a prominent place where it can be easily seen and read by persons employed in the performance of such contract. In addition, copies of the minimum hourly wage requirement shall be supplied to any person employed in the performance of a service contract at the request of such person and within a reasonable period of time after the request.
- B. The Department of Public Works will review and monitor all public works service contracts for compliance. Complaints from service contractors and service contract employees relating to compliance will be received and investigated by the Department with imposition of appropriate sanctions upon any contractor who provides false information or fails to comply with the provisions of this ordinance.

C. Any person employed in the performance of a DPW service contract as defined in II B may, within one year from the date of an alleged failure to comply, fill a written complaint to the Department of Public Works regarding the failure. No service contractor may discharge, reduce the compensation of, or otherwise retaliate against any person employed in the performance of a service contract for making a complaint to the Department of Public Works or for using any civil remedies to recover damages.

D. Right to Appeal.

Any service contractor or service contract employee who objects to any decision or action of the Department of Public Works relative to application or enforcement of this ordinance may appeal such decision to the Administrative Review Appeals Board. The appeal shall be initiated in writing and sent to the Commissioner of Public Works. The appeal shall state the specific objection to the decision or action, include supporting documentation, and specify an alternative recommendation. The Commissioner of Public Works shall schedule a hearing before an appeals committee consisting of the Chair of the Economic Development Committee or the Chair's designee, a member of the Economic Development Committee selected by the Chair, and the Director of Equal Opportunities Disadvantaged Business Enterprise to be held within five (5) days of receipt of the appeal. The Committee shall have the authority by majority vote to affirm or set aside the recommendation of the Commissioner of Public Works and its decision in this regard shall be final.
